

English

This week's English is from the BBC Bitesize page. The [link is here](#) and also on the school website. Today's lesson focuses on bullet points, which will come in handy for DT work tomorrow. Work through the page starting with the video(s) then moving to the activities. As before, you can print off any sheets and work on them or you can write straight into your book.

Maths

We are continuing to use the White Rose videos and resources to support your learning this week. Remember, there is a slight change to how this works. The video is available on the [White Rose website](#) but the worksheet will have to be downloaded from the school website. There are also additional resources available from the [BBC Bitesize website](#) that will match the learning.

Make sure to watch the video first then have a go at activity.

Today's lesson is

Summer Term - Week 10 - Lesson 4 – Line Graphs

Art

JMW Turner was famous for creating landscapes. This meant he sketched and painted what he could see around him. This week, you are going to draw your own landscape using pencil and pencil crayons if you have them. Take some time to go outside, maybe in your garden or on a walk to an open space, you can even draw a landscape from looking out of your window. Take 30 minutes to sketch carefully. Remember to only draw what you can see; this means if you can see clouds in the sky, draw their exact shape. Remember to use what you have practiced about adding colour and texture to your drawings. Once you have sketched, use colour or pencils to add shadow to demonstrate light.
