Dear Parents and Carers,

I hope you are all well and surviving the rain and cold!

From Monday 18th January we are making a change to our provision for our KS2 children. In addition to the Maths and English on google classroom there will also be a whole Key Stage Project for your children to work through. The Project will be supported by direct teaching as well as a series of activities for your children to enjoy. The Projects will be - Perfect Planet, Film World, Tomorrow's World and Who do you think you are? Some information about the first project, Perfect Planet, will be sent to you today. Please remember that if you are unable to complete one of the tasks then you can adapt it to suit the resources you have in your own homes. You will also be receiving a letter from Mrs Wilson-Andoh with some details of additional learning for your children.

We have added an annex to our Safeguarding Policy on our school website if you are concerned about a child or would like some additional support.

We have now given out all our allocation of DfE laptops. As of yet I don't know if we will be receiving anymore so hopefully everyone that needed one has now received it.

Unfortunately the majority of our Bubbles are now full. We do have a very few places available in Y5, Y2 and Reception class. If you have a child in this year group and are a key worker who absolutely cannot keep your child at home then please contact us to discuss whether we can offer them a place.

With the continued high transmission rates we will continue to do all we can to keep your children safe in school and offer the best home learning opportunities we can. The most important thing for all our children, staff and families is to keep healthy and stay safe. If you need any help please do contact the school and if we can help we will or we may be able to put you in touch with someone who can.

Take care everyone

Yours sincerely
Lorraine Quirk

15th January 2021
