English

Today's English is one from BBC Bitesize. [Click on this link](#) or go to BBC Bitesize then click on 'daily lessons' then click on 'year 3' and find today's English lesson. It is all about writing using apostrophes to combine words. Work your way through the page. Start with the video(s) then have a go at the activities.

Maths

To help you in your learning we are continuing to use the White Rose videos. These videos will help you to understand the concept and there will be activities to help you practise what you have been shown.

Start by visiting the White Rose website under the 'Home Learning' page and click on Year 3.

<https://whiterosemaths.com/homelearning/year-3/>

Week 2 – Lesson 2 – Fractions of a set of objects (1)

Watch the video and then answer the questions by clicking on the 'Get the Activity' tab to download the worksheet. Don't worry if you can't print it, just write the answers in your home learning book and draw the shapes out in there.

You can check your answers on the same page where the video is saved under 'Get the Answers'.

Art

Use one of these pictures (or a picture you find yourself) to create your own sketch of an underwater scene. Alternatively, you could focus on some of the animals or plants and draw an accurate sketch of them. Focus on accurate detail and only use pencil today (no colour).
