

Tuesday 5.5.20

Year 3

English

Today's English is from the BBC Bitesize page again. The [link is here](#) and also on the school website. Today is all about expanded noun phrases. Work through the page starting with the video(s) then moving to the activities. As before, you can print off any sheets and work on them or you can write straight into your book.

Maths

We are continuing to use the White Rose videos and resources to support your learning this week. Remember, there is a slight change to how this works. The video is available on the [White Rose website](#) but the worksheet will have to be downloaded from the school website. There are also additional resources available from the [BBC Bitesize website](#) that will match the learning.

Make sure to watch the video first then have a go at activity.

Today's lesson is

Summer Term - Week 3 - Lesson 2 – adding money

Computing

Using Scratch create a quiz based around any of our learning this year. You could create a maths quiz to help you learn your times tables or a quiz about one of the topics we have learnt about this year (Stone Age, Iron Age, Mexico, Rocks & Soil, Forces, Teeth etc). If you cannot access scratch then you can create a quiz using paper and pencils (don't forget to write the answers down).
