

**Thursday 18.06.20**

**Year 4**

## **English**

This week's English is from the BBC Bitesize page. The [link is here](#) and also on the school website. Throughout the week, the activities focus on exploring poetry. Today's lesson focuses on rhyming in poetry. Work through the page starting with the video(s) then moving to the activities. As before, you can print off any sheets and work on them or you can write straight into your book.

## **Maths**

We are continuing to use the White Rose videos and resources to support your learning this week. Remember, there is a slight change to how this works. The video is available on the [White Rose website](#) but the worksheet will have to be downloaded from the school website. There are also additional resources available from the [BBC Bitesize website](#) that will match the learning.

Make sure to watch the video first then have a go at activity.

Today's lesson is

Summer Term - Week 8 - Lesson 4 – Round decimals

## **PHSE**

To continue your learning on sustainability, we would like you to create a poster, presentation or film to promote recycling and energy saving actions that people can do. Be creative! However you wish to show people how they can protect the planet. Refer back to last week's sustainability information to help you with any ideas you may need. This will be a 2 day project so you can continue this tomorrow.
